OMEGA POINT SOLUTIONS LLC

ASYMMETRICAL SOLUTIONS TO COMPLEX PROBLEMS

CAPABILITY STATEMENT

SBA-Certified SDVOSB / VOSB

A sovereign, U.S.-built technology and security-assessment firm delivering software and decision-grade assessments to federal, state, and local government — built by practitioners from law enforcement, intelligence, and the military.

CORE COMPETENCIES

- **Cybersecurity Assessment & Engineering**
  Authorized pentest, detection engineering, hardening, IR — MITRE ATT&CK, OWASP, NIST CSF/RMF.
- **Physical & Critical-Infrastructure Security**
  Site, perimeter, access, and infrastructure-resilience assessments; continuity gap analysis.
- **Threat & Intelligence Analysis**
  Behavioral, targeted-violence, and pattern-of-life assessment grounded in LE/intel tradecraft.
- **Mission Software & Custom Development**
  Ten fielded platforms across fraud, auto-theft, investigations, cold case, brand protection, EM.
- **Emergency Management Technology**
  Common operating picture, live hazard feeds, and resilience planning for EOC and county EM teams.
- **Sovereign AI / Data Systems**
  DAN-O grounded-reasoning + ODIN predictive engines; on-prem / air-gap capable.

OPERATIONAL DEPLOYMENT

Capability is demonstrated on fielded systems, not prototypes. A CenterFuse civic resilience deployment runs in daily production for a county emergency management agency, carrying live hazard feeds, road and bridge restrictions, and a shared operating picture for the EOC. It was provided at no cost as a public-safety contribution; it is offered here as evidence of working software, not as a prior contract. Omega Point is a newly formed firm and holds no prior federal award.

DIFFERENTIATORS

- **Sovereign by design**
  Data stays on-box / on government infrastructure — never a third-party cloud. Section 889-clean.
- **SBA-certified SDVOSB**
  Set-aside and sole-source eligible under 13 CFR 128 — certified 07/29/2026, listed at search.certifications.sba.gov.
- **Veteran-owned, practitioner-led**
  Founded and led by an Army Ranger combat veteran with LE, fraud, intelligence, and cyber experience.
- **Built, not slideware**
  We arrive with working software and real tradecraft, not a concept deck.

COMPANY DATA

LEGAL ENTITY	Omega Point Solutions LLC (Illinois)
LOCATION	Salem, Illinois, USA
BUSINESS SIZE	Small Business; SDVOSB / VOSB
SAM.GOV UEI	U95HZTS97YK8 (Active)
CAGE CODE	225D1
D-U-N-S NUMBER	146814782
REGISTRATION	Active; renews 2027-07-12
SDVOSB / VOSB	SBA-certified 2026-07-29 (13 CFR 128); renews 2029-07-29
SUPPLY CHAIN	Section 889-clean
PRIMARY NAICS	541511 — Custom Computer Programming Services
ALL NAICS	541511, 541512, 541519, 513210, 518210, 541618, 541690, 561611, 561621
PSC	DA01, DC10 (IT/Telecom), R425, R499 (Prof Support), S206 (Guard)

PLATFORMS FIELDED

FraudTrax · SVT (auto-theft) · Hatchet Trace · Ice Breaker · DAN-O Desk · Omega Guard · Omega Threat ID · Omega Lens · Centerfuse (civic/EM) · DAN-O engine (API)
